#### THEIR RIGHTS UNDER ACT

Need Only Pay Back Three-fourths of Amount Borrowed Without Any Interest.

Although for the last three weeks Mr. Stephens, Mr. Whiteford, and Dr. Williams, the assistants of the corporation counsel, have been doing all they could be a state of the counsel. assist those who are in the gras to assist those who are in the of the loan sharks, and have made the of the loan sharks, and have made the law plain to great numbers of persons who have called upon them, it is probable that only a small portion of those affected have come to them, and that in spite of the earnest work of the officials many still are not actually aware of their rights under the law, or are not in a position to insist on them.

While suits against five more persons have been filed, there has been no trial of any loan shark since the law was affirmed by the Court of Appeals in the Beagan case more than a month ago. No orie has been fined or imprisoned, and, except in the cases where the borrowers have conferred with the assistant corporation counsel, the loan sharks have not yet been hindered in collecting from their patrons not only all the principal, but all the iniquitous interest charged, or as much of it is they could get.

Offices Still Kept Open. The citizens' committee finds that many of them, if not all of them, still have their offices open, and are reaping all the harvest within reach from the un-lawful business of the last year. They get all they can on their claims in spite of the law. One poor woman, who had been informed as to the law, was re-quired to pay I per cent a month in ad-dition to the entire principal, and she did this because of the fear of conse-

Recognizing the bitter injustice of such continued impositions and feel-ing some responsibility in the matter. citizens' committee desires to in making it plain to all, every bor-rower, against whom any loan shark has any claim for money borrowed at more than the lawful rate since the present law took effect a year ago, that he need only pay back three-fourths of the amount borrowed, and he need not pay any interest whatever.
